HAVE AN OLIVE DAY  
WITH OLIVES FROM SPAIN

## Olives from Spain presents its Twist on Thanksgiving turkey

The European Union and Interaceituna's version of an American classic

Together with 4<sup>th</sup> of July, Thanksgiving is one of the most important US holidays of the year. One of the big stars of Thanksgiving is the turkey, and a lot rests on the bird being perfectly cooked. Olives from Spain have introduced a new way to prepare the traditional dish with a new twist.

### Tradition with a touch of innovation

For those who seek to surprise their guests while participating in a day as important as Thanksgiving, Olives from Spain brings a recipe for the traditional roast turkey, with an innovative and different touch provided by table olives. The flavor of olives contains the four basic flavors; they are sweet, salty, bitter and sour. This makes them a great accompaniment with everything, Olives from Spain's recipe incorporates olives into a stuffing with, mushrooms and dried apricots. A great way to combine tradition and innovation this Thanksgiving dinner.

The fourth Thursday of November is one of the most important days of the year in the United States. A unique chance to gather around the table with loved ones and give thanks for the things they have and share that gratitude with the people around us. A custom that started in the 17th century, Thanksgiving continues to lead Americans to travel across the country to celebrate the holiday.

Thanksgiving cannot be separated from the main star of the menu that is served mostly throughout the country: **the turkey**.
